3M/2026 HIGHLIGHTS

Malee Delivered Resilient Operating Performance YoY

FINANCIAL PERFORMANCE

Malee delivered resilient operating performance with improved revenue YoY in Q1/2025, the growth was primarily driven by increased sales of dairy products in the contract manufacturing (CMG) business, following key contract renewals in the fourth quarter of 2025, resulting in higher order volumes, though higher costs of certain raw materials and trade discounts, sales promotions, and marketing expenses to drive sales and enhance brand awareness

Operating Revenue

Malee participated in the 114th Chengdu Food and Drinks Fair 2026

In March 2026, the Company participated in the 114th Gulfood Chengdu Food and Drinks Fair 2026, the largest food and beverage exhibition in China, held from March 26–28, 2026 in Chengdu, the People’s Republic of China. Malee’s fruit juice portfolio, including Malee COCO coconut water, received strong interest from visitors.

Malee Applied Sciences ushers in a New Era of Wellness, leveraging deep science and innovation to develop advanced, health-focused products

In April 2026, MAS announced its New S-Curve strategy, focusing on Global Well-being through Advanced Active Ingredients, expanding into B2B and high value-added products to drive long-term growth and profitability.

Malee participated in SIAL Canada 2026, the largest food exhibition in North America

In April 2026, the Company participated in SIAL Canada 2026, one of the largest food exhibitions in North America, held from April 29 to May 1 in Montreal, Canada. The event was a B2B platform attracting participants from North, Central, and South America.
